Sponsored by:
• University of Illinois College of ACES
• Bunge, CGB, CoBank, Monsanto, and OSI Group In addition to: Roberts Experiential Education Fund, UIUC International Programs and Studies (IPS), ACES Office of Academic Programs (Study Abroad), ACES Office of International Programs. IBIP is also sponsored by private donors and various corporate sponsors who support the program with generous financial and in-kind donations.
INTERNATIONAL BUSINESS IMMERSION PROGRAM 2018-19

PROGRAM DESCRIPTION

The International Business Immersion Program (IBIP) selects premier undergraduate students to work in high-performance, interdisciplinary teams to explore the structure and challenges of the global agriculture and food industry. The primary goal of the program is to prepare the next generation of globally literate entrepreneurial leaders to identify and respond to challenges associated with business operations in the global marketplace. While IBIP is housed in the College of Agricultural, Consumer and Environmental Sciences, its students are selected from diverse backgrounds, majors, and interests.

The program combines an on-campus preparatory course each fall or spring, culminating in an international experiential study tour that allows students to interact with industry professionals and witness the scope of the agriculture and food industry first-hand. Since 2001, the International Business Immersion Program has been refining exceptional young leaders through research, networking, and experience to prepare them to hit the real world running.

COURSE FORMAT

The International Business Immersion Program to Brazil consists of three inseparable components:

1. A preparatory course held during the fall semester of 2018.
2. A 14-day immersion study tour (December 28, 2018–January 12, 2019) to Brazil where participants interact with company executives of national and multinational firms, farmers, regulators, expats, and consumers.
3. A follow-up session during the spring semester of 2019 when students will make public presentations on their observations during the trip.

COURSE MATERIALS

All readings, assignments, and information will be provided on the course's Compass website. Additional information can be found on the IBIP website: ace.illinois.edu/ibip

LEADERSHIP DEVELOPMENT EXPECTATIONS

Attendance policy:
You are entitled to one unexcused absence. Nevertheless, you are responsible for turning in your assignments on time. The unexcused absence cannot be used on the safety and health session, your presentation sessions, or any field visits in the U.S. or abroad. Absence from field visits abroad will only be justified in cases of serious illness or emergency. If you must miss more sessions, email ahead of time justifying your absence. For each unjustified absence, there will be a 5% reduction from your final grade.

Peer group evaluation:
One of the goals of this class is to replicate how work in the real world takes place. Therefore, working in a group is an important component of the IBIP experience. We do acknowledge that the level of effort across group members can vary and will adjust grades from group projects accordingly. We will distribute forms that allow you to submit grades for your peers in your group separately for each of the group projects during the course.

Participation:
The participation grade is based on behavior and performance inside of the classroom, during our field trips, and on the study tour. This includes—but is not limited to—being on time, being alert during presentations, and asking our guest speakers and hosts insightful questions.

The 3Ps of class conduct will be followed in IBIP: Preparation, Participation, and Promptness. These same factors will be important drivers of success throughout your career, beginning with your search for internships and jobs.

Preparation: Come to each class prepared to ask questions and discuss topics with the guest speakers.

Participation: Participation is crucial. A portion of your grade will be based on attendance, participation, and willingness to speak with and in front of your peers. Presence is not a sufficient condition for participation. You must be active (although not pushy) in asking questions and expressing views. The reason for this policy is that we want you to take full advantage of the opportunity to interact with professionals and develop communication skills. Practice makes perfect.

Promptness: One attribute of a successful professional is timeliness. Late arrival to class is disruptive and rude to guests and reflects poorly on the entire class and the university. If you have a difficult time getting to class, please make arrangements with the instructors in advance.
FLIGHT, LODGING, AND CONTACT INFORMATION

INTERNATIONAL FLIGHT ITINERARY

**Friday, December 28, 2018**
From Chicago O’Hare (ORD) to Panama City, Panama (PTY)
Flight #: Copa Airlines 0229  
Departure: 1:28 p.m. from ORD Terminal 5  
Arrival: 8:02 p.m., December 28  
Meals Included

From Panama City, Panama (PTY) to Sao Paulo, Brazil (GRU)
Flight #: Copa Airlines 0759  
Departure: 9:04 p.m., December 28  
Arrival: 7:10 a.m., December 29

**Saturday, January 12, 2019**
From Rio de Janeiro Brazil-Intl. Airport (GIG) to Panama City, Panama (PTY)
Flight #: Copa Airlines 0215  
Departure: 12:30 p.m.  
Arrival: 5:03 p.m., January 12  
Meals Included

From Panama City, Panama (PTY) to Chicago O’Hare (ORD)
Flight #: Copa Airlines 0235  
Departure: 6:30 p.m., January 12  
Arrival: 11:09 p.m. to ORD Terminal 5

PRIMARY CONTACTS

Prof. Bob Hauser and Dana Wennerberg will be available via email during the trip. For emergencies only, contact us via cell phones. Office numbers are for contact prior to departure on December 28 or after return on January 12.

**Dr. Bob Hauser**  
Mobile: 217-493-8745  
Email: r-hauser@illinois.edu

**Dana Wennerberg**  
Office: 217-300-6372  
Mobile: 773-960-4293  
Email: wennerb1@illinois.edu

If we make changes/additions to our itinerary after we have left, we will notify Jessa Barnard, Director of ACES Study Abroad, of the changes and the new contact information. Jessa can be reached at:

**Jessa Barnard**  
College of Agricultural, Consumer and Environmental Sciences  
123 Mumford Hall, 1301 West Gregory Drive  
Urbana, IL 61801, USA  
Phone: 217-333-3380  
Email: jbecker2@illinois.edu
OTHER EMERGENCY CONTACTS

- UIUC International Safety & Security 24/7 Emergency Contact: +1-217-333-1216
- You may also email our Associate Director of International Safety and Security, Andrew Collum at aacollum@illinois.edu, if you have a question or concern related to a health and safety emergency abroad.
- University of Illinois Emergency Dean, UIUC Office of the Dean of Students 217-333-0050

**US State Department’s Overseas Citizen Services**

Your family may need to reach you because of an emergency at home or because they are worried about your welfare. If they cannot reach us at one of our hotels or cell phones, they should call the State Department’s Overseas Citizens Services. The State Department will relay the message to the consular officers in the country in which you are traveling. Consular officers will attempt to locate you, pass on urgent messages, and, consistent with the Privacy Act, report back to your family.

ROBERT HAUSER  
*IBIP Instructor*  
*Dean Emeritus & Professor Emeritus*

University of Illinois at Urbana-Champaign  
172 National Soybean Research Center  
1101 W Peabody Drive  
Urbana, IL 61801, USA  
Tel: +1-217-493-8745

Dr. Robert Hauser is the Instructor for the International Business Immersion Program in the Department of Agricultural and Consumer Economics at the University of Illinois at Urbana-Champaign. Dr. Hauser received his Ph.D. in agricultural economics at Iowa State University in 1982. He was at the University of Illinois since then until he retired in 2017, where his research and teaching focused on grain transportation, the use and pricing of options and futures, and the effects of economic and policy changes on Illinois and U.S. agriculture. He was awarded The Clearing Corporation Foundation Professorship in June 2009. Bob served as Head of the Department of Agricultural and Consumer Economics from January 1995 through August 2001, and then again from August 2004 to 2009. He also served as Interim Director of the college’s Office of International Programs. Bob was the Dean of the College of ACES from 2009 through 2016 and in 2012 was appointed the Associate Provost for University of Illinois Extension.

DANA WENNERBERG  
*Experiential Learning Coordinator, IBIP*

University of Illinois at Urbana-Champaign  
304C Mumford Hall  
1301 W. Gregory Drive  
Urbana, IL 61801, USA  
Tel: +1-217-300-6372  
wennerb1@illinois.edu

Dana Wennerberg currently serves as the Experiential Learning Coordinator for the Department of Agricultural and Consumer Economics (ACE) at the University of Illinois College of ACES. In this position, she supports the departmental goal of providing hands-on learning opportunities to its students. Additionally, she is the academic advisor for approximately 215 students studying agribusiness markets & management; policy, international trade & development; and, environmental economics & policy in the ACE department. Prior to this role, she spent three years working in West Africa. She served in Peace Corps Senegal as an Urban Agriculture Extension Agent where she trained host country nationals in improved farming and gardening techniques. Upon completion of her service, she coordinated a U of I study abroad program in Sierra Leone.

</table>
Christy grew up in Arthur, a rural town in central Illinois, surrounded by agriculture. She was actively involved in FFA throughout high school, which led her to pursue a career in agriculture that ties together her passion for communications and the agriculture industry. She wants to serve as an advocate for agriculturalists to help bridge the gap between producers and consumers. Christy has an interest in agricultural policy and is excited to learn more about the political climate in Brazil, especially how it affects farmers.

Josh was born and raised in Champaign, Illinois. He left the area for two years while attending Butler University, but then returned when he transferred to the University of Illinois. He plans on completing the Master of Accounting Science program next year to prepare for the CPA exam. In the future, he hopes to work in the private sector, both domestically and internationally.

Alana grew up in Chicago, Illinois, where she had the opportunity to attend the Chicago High School for Agricultural Sciences. This is where she gained interest in the business side of agriculture. After interning at CNH Industrial Capital, Alana was offered a full-time position and will pursue her career with them in June of 2019.

Gabriela was born and raised in Chicago, Illinois. She hopes to find a career as a financial planner where she can help people reach their financial goals while also being able to work with international clients. Additionally, she aspires to use her knowledge later in life to hold workshops to improve financial literacy among the Latinx community in Chicago.
Tyler grew up in Bloomington, Illinois. He is studying agribusiness markets and management, and finance in agribusiness. His interests include foreign trade policy, futures and options markets, and foreign currency exchange. Upon graduation he plans to pursue a career in international commodity trading.

Taylor was born and raised in Skokie, Illinois, a suburb right outside of Chicago. Her interests are centered around the food and agribusiness industries. Taylor hopes to pursue a career in corporate accounting.

Katelyn was born and raised in Jacksonville, Illinois, on a small family farm producing corn and soy. Her interests are centered around agriculture, and the careful planning and production of new hybrid corn varieties, alongside positive agricultural communication to the general population. She plans to obtain her degree in crop sciences in May of 2019, and hopes to pursue her masters in plant pathology at the University of Illinois.

Elyse grew up in a small farming community in Illinois. Her family owns and operates Harris Companies, Inc., a business that specializes in electrical work and installing and manufacturing special purpose personnel elevators, working closely with large agriculture companies across the globe. She is working for ADM as a commodity merchandiser after graduation and hopes to obtain either a Master of Business Administration or a Master of Finance in the next five years.

Luke grew up on a corn, soybean, and cattle farm. His interests include learning about market drivers for commodities and what the future of renewable fuels will look like. Luke is pursuing a career in commodity trading.
Daniel Hom grew up and currently lives in the suburbs of Chicago, Illinois. In 2015, he graduated from New Trier High School, where he developed an interest in studying commodity markets, economics, and international trade. He is especially passionate about conducting economic research on emerging markets in Africa and Latin America. In the future, he hopes to obtain either an MBA or Master’s Degree in Economics, to pursue a career in international business and finance.

Yahan Jiang was born and raised in Beijing, China, and lived there until the age of 20. She is a foodie who loves food, and is also the reason she chose an agriculture-related major at the University of Illinois. She wants to use the food industry to improve people’s standard of living. Yahan hopes to pursue a career in a food company in the future.

Andrew grew up in Mahomet, Illinois, and his interest in agriculture was piqued by FFA involvement and agriculture classes during high school. Following the completion of his bachelor’s degree, he is interested in working for an agribusiness firm or a company involved in agriculture. He is also considering obtaining a M.S. and Ph.D. in an agricultural field.

Cody grew up in rural Illinois and has lived there all his life. His passion for agribusiness stems from his agriculture instructor and life mentor in high school. He is interested in commodities and futures trading. Upon graduation, Cody will start his career as a commodity merchandiser for Archer Daniels Midland.

Stratton grew up in St. Charles, a western suburb of Chicago, Illinois. His interests are centered in the food and beverage industry and he plans to utilize his background in agricultural education to improve the products we consume every day. He hopes to obtain his Master’s in Business Administration and to create his own company in the future.
Alyssa Pedersen
alpeder2@illinois.edu
Agri-Accounting
May 2019

Alyssa comes from a non-traditional farm background as she attended high school on the only working farm in the city of Chicago, Illinois. She is driven by the goal of making an impact on the agricultural industry. She plans to do this by pursuing an accounting career for a large agricultural company.

Ethan Plote
erplole2@illinois.edu
Technical Systems Management; Farm Management
May 2020

Ethan grew up on a production farm with grain and a cattle feedlot. He is interested in the supply and demand trends that affect the commodities he raises, specifically corn, soybeans, wheat, and cattle. After college he plans to become involved in his family farm operation.

Madeline Poole
mppoole2@illinois.edu
Crop Sciences
May 2020

Madeline was born and raised in Chicago, Illinois. She has a passion for international relations and food security, working at places like the Chicago Council on Global Affairs, the Foreign Agricultural Service, and the Soybean Innovation lab. After graduation, she hopes to gain international field work experience then pursue a master’s in international development.

Rachel Recker
rrecker2@illinois.edu
Agricultural Leadership and Science Education
May 2019

Rachel grew up on her family farm outside of a small town in southern Illinois. This, as well as organizations such as 4-H and FFA, fueled her passion for agriculture. Rachel's goal is to be an influential member of the agriculture industry to help educate about the importance of agriculture in everyday life.

Andrew Rice
abrice4@illinois.edu
Agribusiness Markets & Management
May 2019

Andrew grew up in Illinois and is attending the University of Illinois studying agricultural and consumer economics, with a minor in international development economics. Throughout his years at the University of Illinois he has found a passion for international trade within stocks and currencies. Upon receiving his diploma, he hopes to find a company that will allow him to follow his passion of trading overseas. He also enjoys traveling abroad in order to see the customs and branding that other countries promote in their lifestyle.
Stephen grew up on a family grain and livestock farm in northern Illinois. He has raised and marketed his own beef cattle since he was four years old. He is passionate about raising high-quality beef and making production agriculture more efficient. His goal is to pursue a career in the mechanization of precision agriculture.

Steven grew up in Schaumburg, Illinois, a suburb of Chicago. His interests are centered around business, finance, and public policy/law. He hopes to obtain a law degree and an MBA in the future, and potentially work as a guest lecturer in addition to a career.

Hayden grew up on a grain and beef operation located in central Illinois. His interests in agriculture are directed at farm management, sustainability, conservation, and ag technology. He hopes to finish his degree and continue his studies in graduate school focusing on agriculture production.

Mike was born and raised in the southwest suburbs of Chicago, Illinois. He is thrilled about the opportunity to gain an international perspective on sustainable farming and global trade. Mike plans on pursuing his CPA certification and hopes to secure a job in public accounting after graduating.

Natalie grew up in a rural community in northern Illinois. Her career interests are focused on assisting farmers in getting the highest yields possible while maintaining an environmentally responsible outlook. She would like to do this by working in an agronomy-based sales position. She looks forward to visiting Brazil to gain additional experiences in a different agronomic environment.
Oakley grew up in a small town called Sheridan, Illinois. She is passionate about helping people grow and develop, as well as the agricultural industry. She is hoping to pursue a career in human resources with an agricultural company.

Shuchen grew up in Nanjing, China, and came to University of Illinois for college. Her interests are centered on the technology applications in the agriculture industry and how they improve the farming experience. She hopes to enter into the agriculture technology or food technology industry after finishing her degree in computer engineering.
